SUMMARY

Product Designer with 2 years of experience designing intuitive digital products across early-stage startups and product teams. Skilled in end-to-end product design — from UX research and information architecture to scalable design systems and UI execution. Experienced in collaborating with cross-functional teams, leading design-to-development handoffs, and shaping product strategy. Passionate about building experiences that balance usability, emotion, and scalability.

EXPERIENCE

DESIGN CONSULTANT (PRODUCT & DIGITAL EXPERIENCES)

Self-Employed

Feb 2026 – Present

- Currently collaborated with startups and creative studios on end-to-end product experiences — spanning interface design, brand identity, and interaction models.
- Defined product and brand strategies rooted in design thinking and behavioral insight for early-stage teams.
- Built internal design processes and frameworks to help teams move faster with greater clarity and craft.

PRODUCT DESIGNER

Simplita.ai

Apr 2025 – Feb 2026

Product Design Lead · Aug 2025 – February 2026

- Designed and delivered the no-code automation platform, company website and dashboards — establishing the full product experience from the ground up.
- Created a comprehensive brand guide and scalable design system, unifying visual identity and accelerating development velocity.
- Led design-to-development handoffs, collaborating closely with engineers to ensure quality, usability, and implementation fidelity.
- Facilitated stakeholder meetings and design reviews, embedding design thinking into product strategy and business decisions.
- Mentored and trained junior designers on UX best practices, interaction design patterns, and systematic design thinking.

Associate UI/UX Designer · Apr 2025 – July 2025

- Conducted exploratory UX research and competitor analysis to identify product opportunities and benchmark design direction.
- Ran R&D sprints on features and workflows, producing iterative design concepts for usability and scalability evaluation.
- Experimented with multiple visual styles and design approaches to validate accessibility and brand adaptability.
- Built the foundational groundwork for the design system and product roadmap in close collaboration with senior stakeholders.

SKILLS

Tools: Figma, Framer, Webflow, Adobe Creative Suite, Antigravity, Claude

Core Skills: Product Design, UX Research, UI Design, Interaction Design, Information Architecture

Systems & Strategy: Design Systems, Brand Identity, Product Strategy, Design Thinking, Agile Methodologies

Collaboration: Design-to-Dev Handoff, Stakeholder Management, Prototyping, User Testing, Jira, Notion

EDUCATION

CARMEL COLLEGE OF ENGINEERING AND TECHNOLOGY (KTU)

BTech Computer Science and Engineering

2020 - 2024

CHRIST CENTRAL SCHOOL, THIRUVALLA

Higher Secondary

2018-2020

COMMUNITY & VOLUNTEER ROLES

STUDENT TECHNICAL LEAD

Sep 2023 – Jun 2024

TINKERHUB

- Organized and led technical workshops bridging theoretical concepts with hands-on design and development skills.
- Mentored peers across multiple initiatives in design, prototyping, and UX fundamentals.

PEOPLE MANAGEMENT ASSOCIATE

Jun 2022 – Feb 2024

PRODUCT PACK

- Contributed to a 500+ member product community focused on product thinking, management, and growth practices.
- Onboarded new members, coordinated community sessions, and organized events with mentors and product managers across various fields.

CERTIFICATIONS & RECOGNITION

FOUNDATION OF USER EXPERIENCE (UX) DESIGN
